

**LIBRAS ANNUAL REPORT  
FY2004-2005**

**COLLECTION DEVELOPMENT SIG**

The first meeting of the Collection Development SIG was held at Trinity Christian College on October 13, 2004. Six members total from Trinity Christian College, St. Xavier University and Aurora University attended. Lisa Gonzalez gave a brief overview of Trinity Christian College's data from the ICCMP collection assessment project that the library mounted on its campus intranet. A discussion of what types of issues the new SIG could address followed. Using Choice online for selection was mentioned as a possible subject for the next meeting. A second meeting for 2004-2005 has not yet been scheduled.
